

# Americans Don't Trade with Death Squads

**Murder should not be  
part of the deal.**

Death squads in Colombia have murdered more than 2,200 workers for trying to form unions. There have been more than 400 murders in just the past 5 years during President Uribe's Administration. The government has done nothing to effectively stop the death squads and has failed to adequately bring the assassins to justice.

**Congress must reject the Colombia Free Trade Agreement.**

Every worker deserves the right to have a voice on the job. Trade isn't free when workers who produce goods stand up for their rights and pay with their lives.

**Congress needs to tell the Bush Administration  
NO WAY  
on the Colombia Free Trade Agreement.**
